## PHOTOGRAPHER BADGE

To get your beaver activity badge, grab your camera and get snapping!

Why not print some of your photos off and stick them to these pages and bring them to your next beaver meeting!

Use this space to make some notes on how you use your camera and any tips you might like to give to the rest of your lodge!

### TOP TIP:

The photographs could be part of a project about things like animals or plants. You could take photos when you're on a trip, to capture things that happen on the day.
